Could 3D Printing (Additive Manufacturing) be useful for your business?

HVM Catapult in partnership with the KTN are hosting six AM awareness breakfast-events targeting potential AM adopters across the whole AM supply chain. The awareness events will cover the potential benefits of Additive Manufacturing and look to address the current barriers within its uptake. Details of the awareness event dates and agenda can be found below.

Awareness breakfast-event locations and dates:

Wednesday 29th January at **Preston / Blackburn**

Friday 7th February at **Aberdeen**

Wednesday 12th February at **Guildford**

Friday 14th February at **Middlesbrough / Darlington**

Wednesday 26th February at **Liverpool**

Wednesday 4th March at **North Wales**
